About KNF

Kayaar Nutri Blends Private Limited is an Indian food manufacturing company headquartered in Gurugram, Haryana. Originally established in 2016 as a Limited Liability Partnership under the name Kayaar Nutri Foods LLP, the company officially transitioned to a Private Limited structure in February, 2024. The company focuses on developing and manufacturing nutritious, value-added food products.

These offerings combine traditional ingredients — such as millets, pulses, legumes and grains with modern food processing techniques. Operating under the consumer brand **"KNF"**, the company develops gluten free, no added sugar, low GI, high protein and high fiber products designed for health-conscious consumers without compromising on taste. Its diverse portfolio includes everyday staples and ready to eat offerings.

Our Mission

To develop and manufacture nutritious, great-tasting food that combines familiar ingredients with modern food technology — delivering quality, consistency for every market we serve.

Our Vision

To make the food people already love, nutritionally better.

GREAT TASTE | FAMILIAR FOOD | BETTER NUTRITION | QUALITY | CONVENIENCE

DEDICATED GLUTEN FREE FACILITY

Gluten free formulations across premix, flour, pasta and ready to eat food.

FUNCTIONAL NUTRITION

High protein, high fiber, low GI and no added sugar.

BUILT FOR BAKERS

Uniform results, consistent volume and batch-to-batch reliability.

TRADITIONAL GRAINS

Sorghum, ragi, lentil, legume and pulse at the core of every blend.

Our Range

58 products across 13 categories — bulk premix and ingredient for manufacturing, and finished ready to eat pack.
